THE FINAL ROUND UP

Shows Gorman Defeated in Maryland.

REJOICING IN WASHINGTON CITY.

It is Regarded as a Victory for the Gold Standard—Its Advocates in Better Shape than Before.

By Wire to THE TELEGRAM.

Washington, D. C., Nov. 4.—The certain defeat of Gorman is regarded as a very refreshing election breeze for the friends of "sound money" and "honest government." This taken, in connection with the probability of Hanna pulling through in the Ohio Legislature, leaves the gold standard forces in the Senate in much better shape for the fifty-sixth Congress than before.

A Majority of Five.

By Wire to THE TELEGRAM.

Columbus, O. Nov. 5.—Complete returns from 86 counties show republican majority of five in legislature. Official count is in progress. Democratic chairman claims legislature and charges fraud.

J. WILEY'S CONDOLENCE.

Col. Shook Telegraphs to Senator Mark Hanna on the Result.

Hark, hark, hark,
J. Wiley writes to Mark
In his own peculiar characteristic manner;
He says you didn't do
As I plainly told you to—
And surely that's the thing that's worrying Hanna.

A few weeks ago J. Wiley Shook sent the following telegram to Senator Marcus A. Hanna.

"I congratulate you that the President, as announced, has the courage to speak for you in your campaign. I, however, regret the apparent crisis that demands this effort of his in your behalf. Say to him, when he appears in Cincinnati, to make this speech: All executive orders regarding civil service issued by President Cleveland in his second term are from this date revoked, and all clouds upon your success will immediately roll by."

This morning Mr. Shook sent this telegram to Senator Hanna:

"My instruction not having been carried out, please accept my condolence."

What the Senator said when he received this can be only conjectured, and perhaps could not be printed if it were known.—Asheville Citizen.

NORMAL GIRLS FOR WINSTON.

Big Delegation Goes Up On a Special Train Tomorrow.

Dr. McIver of the State Normal will take a big delegation of girls up to see the fair tomorrow. A special train has been arranged for between two hundred and fifty and three hundred of the young ladies will go in the party. They will return tomorrow night.

Traveling Passenger Agent Vernon is here today arranging for the special train.

How Did it Happen?

The football team of our neighbor played a game with Greensboro some weeks ago in which the college won. The Greensboro team made certain concessions to the visitors in the game that were unusual and aided in a measure in Greensboro's defeat. Still the team here took it all in good part. There was no roughness nor any ungentlemanly play on either side and both teams left the field on good terms. The team here asked Guilford for another game and was told that the faculty of the college had decided not to permit games with any save teams from other colleges.

Now it is reliably reported that Guilford College has challenged the Winston team.

Has the Guilford College faculty granted a special dispensation for the game with that city?

The team here would like to know how it all came about. If the Guilford team is to play city teams Greensboro would like to have another inning. There is courtesy even in football.

Kronberg Grand Concert.

Mr. J. S. Atkinson, of Raleigh, is here arranging for a concert by the Kronberg Company. The company is said to be composed of a superior order of talent and the artists are all of national reputation. The concert will be given in the Academy of Music under the auspices of the Emma Grey Missionary Society of the First Presbyterian church.

WILL ASK FOR A SPECIAL TERM.

For Civil Cases Only to be Held Here in January.

THE TELEGRAM is informed by Maj. Chas. M. Stedman that a meeting of the bar was held in the court house at 4 o'clock yesterday afternoon with a view to securing a special or extra term of court for the trial of civil cases only, to be held here some time in January.

Levi M. Scott was called to the chair and John N. Wilson acted as secretary.

A committee, consisting of L. M. Scott, R. R. King and John A. Barringer, was appointed to wait on Governor Russell and ask for the special term.

This step is rendered necessary by the congested state of litigation in this county, and we most heartily commend the bar for their efforts to relieve this condition.

What we need in this section of North Carolina is a regular criminal court circuit, and we hope this is a step in the direction of securing the same.

Greensboro boasts of one of the best local bars in the State, and we believe with the proper facilities for the trial of causes as little time as possible will be consumed in dispatching the business; but with the present crowded dockets, with the criminal causes to be disposed of at each term, it is utterly impossible to try the civil matters. From term to term, and from year to year cases have to be continued. Sometimes a party to a suit dies with old age before the case can be tried and much confusion and additional litigation thereby arises. The added costs from court to court often amount to more than the property or matter in issue is worth.

A criminal court would, in a very large measure, do away with all this delay and confusion in civil matters, and would be the means, oftentimes, of more promptly adjusting important criminal matters.

Let the matter of forming a criminal court circuit be brought before the people and discussed.

BRYAN ON THE ELECTION.

What the Silver Advocate Thinks of the Returns.

Lincoln, Neb., Nov. 3.—Mr. Bryan today gave out the following statement:

To the Associated Press:—The returns are so incomplete that it is impossible to discuss yesterday's election in detail. The Republicans everywhere endorsed the Republican administration and in view of losses sustained by them in almost every state, it would seem that Republican politics are not being endorsed at the polls.

The sentiment in favor of the Chicago platform shows a healthy growth throughout the country. Perhaps our opponents will now admit that silver is not dead. The attempt to secure international bi-metalism has proved a failure and it is now more apparent than ever that the people of the United States must legislate for themselves on the financial question. Free and unlimited coinage of silver at 16 to 1 is nearer now than it was a year ago. High tariff upon a gold basis has disappointed those Republicans who looked to it for relief. Taken as a whole the returns are very encouraging. I think I voice the sentiments of Democrats, Populists and Silver Republicans, when I say the fight will be continued with even more earnestness until the gold monopoly is broken and the money trust is overthrown. The fusion forces increase their percentage in Nebraska and probably their actual majority. [Signed] "W. J. Bryan."

Facts Worth Studying.

If the Southern Stock-Mutual pays no larger dividends than the 20 per cent. now paid, and the business increases during the next seven years in the same ratio it has increased during the last three years, the actual saving for the ten years to policy-holders in North and South Carolina will be \$194,822.00, and to the policy-holders in Greensboro alone, \$26,237.00. Besides this the Company's assets (reinsurance reserve and surplus) represented by still larger figures will be kept at home and invested in the state. What better investment can the public make than by upholding an institution like this?

EXPLANATIONS IN ORDER.

The talk about "off years" and "inevitable re-actions" is all very well. Let them be taken for what they are worth and the fact remains that they are not sufficient to explain the unmistakable revolt against the republican party evidenced in the various state elections. In no instance has that party been able to hold its own. In some instances its losses have been phenomenal.

Can it be that it has been deluding itself and the citizen? Is it possible that it has not been engaged in "saving the country" after all? Perish the thought! It has appointed a monetary commission and passed the Dingley law; it has produced a famine in India and set all the wheels of commerce awhirl. The people are indeed ungrateful.

In the native state of President McKinley his intimate personal friend and political sponsor has been repudiated. A close vote is a virtual repudiation. All the power of the Washington administration and all Mr. Hanna's money did not avail to save him from this humiliation. The whole country has rightly regarded the Ohio campaign as a test of popular sentiment. The whole country has rightly regarded the Ohio campaign as a test of popular sentiment. The result is the popular reply to republican pretensions.

It is not in the list of things likely to happen that a long lease of power will fall to the republican party as a reward for "saving the country" this time, as was the case after the war. That much is conceded. It would even seem that the country is not perfectly sure it has been saved; that it resents the saving process is not an unwarrantable assertion.

Did the 300,000 voters in New York change sides merely for the sake of variety? Did the state go democratic as a protest against reform in the city? It is hardly probable. What then is the meaning of the slump? Here is a problem ready made for our republican contemporaries with a genius for explanation.

It is said that by spring Charlotte will be the largest manufacturer of pants of any city in the south. We congratulate our sister city upon her rapid industrial progress. It doubtless is due, in large measure, to her excellent newspapers that have encouraged her at home and advertised her abroad. The state should be proud of the Queen City.

Armor plate makers have a fine opportunity for meditatively masticating the old sayings about the woman who killed the goose that laid the golden egg and the final straw that was one too many for the spinal column of the camel.

Now is the time that gentlemen with proclivities for pre-election prediction are overhauling the same and telling how it all happened.

Those who are concerned about what becomes of the pins may find a new query to engage their attention in what becomes of the campaign poetry.

Auditor Ayer says that at the midnight pow-wows of Populists now being held in Raleigh, "Mum's the word." That settles it. His gubernatorial immensity is not a party to the confabulation. He would tell it or bust.

Up to the hour of going to press the "fellow feeling that makes us wonderful kind" has not been responsible for a message of condolence from General Weyler to certain ex-candidates in Greater New York.

The fact that General Blanco has bulletined nary a victory since his arrival in Cuba is occasioning a great deal of adverse comment on his linguistic attainments.

Those who have occasion to address either of the gentlemen will please take notice that their titles still remain General Tracy and Mr. Low.

A Gorman victory in Maryland will be offered by the Baltimore Sun as a brilliant instance that advertising pays.

As a floater the voter of New York can sail all around a life preserver. He don't even skim the surface.

The event has come and gone without David B. Hill reiterating his famous declaration.

HARRIS' LITHIA WATER OF SOUTH CAROLINA.

Contains More Lithia than any Natural Lithia Springs Water on the market. There are a great many so-called Lithia Waters on the market whose analysis show that they contain only traces of lithia. It seems that if you wish a Lithia Water you should examine the analysis of the waters and find out how much they contain. The analysis of Harris' Lithia Water was made by the noted R. Ogden Doremus, M. D., L. L. D., Professor of Chemistry and Physics, College City, of New York. If the Harris' Lithia Water is not superior to any other water on the market, do you think that the following noted physicians from all parts of the country would give their testimonial, stating that it was? They have no interest in the Harris' Lithia Water.

After a long and varied experience in the use of mineral waters from many sources, both foreign and domestic, I am fully persuaded that the Harris' Lithia Water possesses efficacy in the treatment of affections of the Kidney and Bladder unequalled by any other water of which I have made trial.

This opinion is based upon observation of its effects upon my patients for the past three years, during which time I have prescribed it freely and almost uniformly with benefit in the medical maladies above mentioned.

Columbia, S. C., Oct. 8, 1892.

A. N. TALLEY, M. D.

Mr. J. T. Harris:—Dear Sir: I have found the use of the water from your Lithia Spring in South Carolina so efficacious in the case of a young lady patient of mine, who has suffered for years with Diabetes, with all its different attendants, that I want to add my testimonial to the many you already have. The patient I refer to has used the water freely at home for scarcely a month now, with more beneficial results than from months spent at the different noted Lithia Springs in different parts of the United States, besides long continued use of the same waters at home. Others of my patients and friends are now using the same with best results. I cordially recommend it to all suffering from similar diseases.

Very respectfully yours,

THOMAS S. POWELL, M. D., Pres. Southern Medical College, Atlanta, Ga.

Read what Prof. Jos. Jones, of Tulane University, of New Orleans, has to say in regard to the virtues of Harris' Lithia Water:

New Orleans, La., Aug. 13, 1894.

Harris' Lithia Water Co., Harris Springs, S. C.:
Gentlemen—I have used, with great benefit, the case of water sent me, and regard it with favor, being highly charged with Lithia.

Respectfully,

JOS. JONES, M. D.

June 12, 1893. Mr. J. T. Harris, Harris Springs, S. C.:
Dear Sir—I have used the Harris' Lithia Spring Water for the past year in all renal troubles, with prompt and efficient effect. In gouty and rheumatic troubles I consider this water superior to the Buffalo Lithia Spring water. I suffered from an attack of rheumatism for eight months, during which time I drank the Buffalo Lithia water constantly for four months without effect. In November last I had a case of Harris' Lithia Water sent to me, and after drinking it for about three or four weeks, the pain and stiffness left my limbs and I have not been troubled since. I feel that I can safely recommend the Harris' Lithia Water.

Respectfully,

R. B. HARRIS, M. D.

"The Harris' Lithia Water is, in my opinion, unequalled for those ailments requiring the salts it contains.

THEO. LAMB, M. D.,
Professor Diseases of Chest and Principles of Medicine, Medical Department, University of Georgia.

Asheville, N. C. April, 24, 1893.
An extended clinical use of the Harris' Lithia Water prompts me to the statement that I regard it as one of the best, if not the best Lithia Water known to the profession. In the condition of Phosphatic Urine, its action is marvelous. Its use in the Rheumatic and Gouty Diseases afford me more comfort than either the Buffalo or Londonderry Waters.

Very truly yours,

JOHN HEY WILLIAMS, M. D.

I have used for sometime Harris' Lithia Water in my family, and also with my patients, and find it is the best Water I ever used in catarrhal condition of the ureters and bladder. It is also a good diuretic Water.

G. G. ROY, M. D.

Charleston, S. C., Sept. 20th 1893.
Mr. J. T. Harris:—Dear Sir: I am constrained to send you this testimonial of the efficacy of the Harris' Lithia Water. The value of the testimonial may be measured from the fact that it goes to you unsolicited. As a friend of humanity, I feel bound to withhold my knowledge of its virtues no longer. I have been using the water for more than a year with marked benefit. To any one troubled with kidney disorder, it is the remedy par excellence. I prefer it to the Buffalo Lithia Water.

Very truly yours,

A. C. KAUFMAN,

President Vanderbilt Benevolence Association of Charleston, S. C.

Mr. J. T. Harris, Proprietor Harris' Lithia Springs:
Dear Sir—While it is contrary to my custom to give testimonials to remedial agents, I feel free to attest to the efficacy of the Harris' Lithia Water (when used in large quantities) in the Rheumatic and Gouty Diatheses; in Inflammation of the Bladder, and in all cases where there is an excess of solids in the urine.

Yours respectfully,

GEO. HOWE, M. D.

The waters of the Lithia Springs are odorless, free from color, with a pleasant saline taste, rather palatable. When taken in considerable quantity, they do not nauseate, purge or produce any feeling of discomfort. I find from the analysis of the waters, they contain Chloride Sodium, Carb. Potash, Carb. Soda, Carb. Lithia, Carb. Iron and Sulphate Magnesia. These waters act directly upon the mucous coating of the stomach and alimentary canal, they are powerfully alternative and tonic. They are everything to inflamed or irritated surfaces. They act upon the blood, changing it from acid to alkaline. In indigestion, Catarrh of Stomach and Gastralgia, supplemented with a proper diet they are a certain cure. The action upon the kidneys is marked. The Sodium, Potash, Soda, Lithia, are the best solvents of uric acid, all calculi of an acid character, whether lithic or cystic, are steadily dissolved. I am confident that the profession will find it very useful in cases where this class of water is required.

Respectfully,

J. Q. WILBUR, M. D.

Waterboro, S. C., April 19, 1892.

Camden, S. C., Aug. 24, 1893.

Mr. J. T. Harris:—Dear Sir: I enclose you in this letter several small pieces of calculi passed by a patient of mine, who has been taking the "Harris' Lithia Water" for the past eighteen months. This gentleman has been a sufferer for two or three years with Cystitis, caused from stone. The solvent power of the water has been, I think, clearly demonstrated in this case. All these fragments were passed in two evacuations from his bladder in the past ten days. I consider Harris' Spring Water a most excellent remedy in the Uric Acid Diathesis, also in Chronic Dyspeptic troubles.

I am, yours respectfully,

A. W. BURNETT, M. D.

Chester, S. C.
Dear Sir: For the past eight months I have been using Harris' Lithia Water with the most excellent results, where I have been able to get my patients to drink a sufficient quantity daily. The carbonated has no equal in Gastric disturbances. It is an excellent table water. It is a pleasant laxative, and is a sure cure for flatulent dyspepsia.

S. M. DAVEGA, M. D.

Atlanta, Ga., April 24, 1897.

Mr. J. T. Harris, Harris Springs, South Carolina:
Dear Sir: I have found Harris' Lithia Water an exceedingly valuable remedy for persons suffering from Kidney and Bladder Troubles. Therefore take pleasure in recommending it.

Respectfully,

JAS. F. ALEXANDER, President Board Health.

Baltimore, June 24, 1896.

J. T. Harris, Esq., Harris Spring, South Carolina:
Dear Sir: I have been using Harris' Lithia Water for sometime, and I will say to you that in my opinion that the Harris' Lithia Water that is by far the best Lithia Water that I have ever used, and that it has done me a great deal of good, and I think it a most valuable remedy.

R. C. HOFFMAN, Pres. S. A. L. R. R.

Atlanta, Ga., April 20, 1897.

Harris' Lithia Water Co.,
Gentlemen—I have used Harris' Lithia Water for the past two years and find it a most excellent remedy for dyspepsia and other stomach troubles. I cheerfully recommend it.

CHAS. M. NEEL, Pres. Ga. Military Institute.

A Fair Proposition.

We will guarantee that one glass of HARRIS' LITHIA CARBONATED WATER will relieve any case of indigestion in one minute's time or money refunded, or if taken after each meal will cure the worst case of indigestion. You see what the noted Dr. Davega, of Chester, S. C., has to say in regard to it, and there is not a physician in South Carolina who stands higher in the profession than he does, and besides you lose nothing by giving it a trial, as our agents are authorized to refund the money to any responsible person who will not admit that he was benefited by it.

News of the Old North State.

General Thomas L. Clingman died yesterday about one o'clock.

The colored state fair is on at Raleigh. The indications are for a fine exhibit and a large attendance.

Indictments have been returned against the Southern railway by the grand jury at Henderson for giving free passes.

The county commissioners of Wayne have decided to have the execution of Sam Wright, the negro murderer, the 10th instant, in the jail yard at Goldsboro private.

Over 600,000 pounds of leaf tobacco were sold in the warehouses at Wilson N. C., last week, and they have sold over five million pounds of tobacco season up to the closing hours Saturday afternoon.

A Winston special to News and Observer this morning says: Pick-pockets have worked some of the trains coming into Winston today. A Mr. Lewis was robbed of \$50, and on another train a Mr. Fulk, of Winston, picked up a pocket book bearing on the outside in gilt letters the name of W. H. Worth, Raleigh, N. C. There was no money left in the book, but a check for \$35.00 and several railroad passes.

Strong Measures.

The high art clothiers, the Fishblate-Katz-Rankin Co., opposite McAdoo House, have taken the bull by the horns by instituting a great cash clearing sale in their men's, youth's and children's clothing department. Every one is aware of the effect of the Dingley tariff bill on the price of clothing, putting it up 25 per cent.

This firm placed their orders with the manufacturers last April and purchased their lines of clothing at the lowest prices ever known, before anyone realized that the government would tamper with the tariff. They made the mistake of buying too heavily and with the continual warm weather they are over-loaded. To unload they have made reductions that will tempt even buyers who are inclined to wait until later in the year.

The cash clothing is in progress now and it will pay purchasers to be on hand early.

AN INCREASED DEBT.

Washington, Nov. 2.—The monthly statement of the public debt shows that at the close of business on October 30, 1897, the debt, less cash in the treasury, amounted to \$1,020,563,901, an increase for the month of \$8,411,188.

COLIC?

If So, There is No Need to Suffer.

Mrs. Joe Person's Remedy

WILL CURE YOU

For several years I had been subject to severe attacks of cramp colic. Sometimes they would last me an hour and hardly a week passed that I did not have several attacks. I tried everything that was suggested, but found no relief. During these attacks the muscles of the arm and leg were terribly drawn and the whole body was cramped. I was advised to try Mrs. Joe Person's Remedy, which gave me relief at once, but not until I had taken two dozen bottles was I entirely cured. It was eight years ago since I took the remedy, and I have not had a touch of the trouble since.

John L. Currie, of Moore county, is in the city today. He was for a number of years sheriff of that county and made a most excellent officer.

The regular literary meeting of Centenary Epworth League will be held on Friday night at the residence of Mr. J. W. McNairy, on Arlington street.

The Davis Military School at Winston, which was regarded as one of the most substantial schools in the state, has suspended and is in the hands of a receiver.

Two handsome trees, white pine and hemlock, are being transplanted in Mrs. J. A. Gilmer's yard, North Elm and Church streets, to make way for Summit avenue.

R. W. Brooks returned last night from Manchester and brought home a fine wild turkey killed by "Shube" Murrow, who, with A. F. Brooks and Elwood Tomlinson, is hunting foxes and turkeys down there. And they are having luck, catching foxes and killing turkeys.

Miss Myrtle Muse, of G. F. C., received a telegram this morning with the sad news of her grandfather's death. Miss Muse left on the east bound train for Carthage. Her grandfather was N. G. S. Marley, aged 78 years. He was one of Moore county's honored and most respected citizens.

A TELEGRAM man was informed by gentlemen representing two enterprising and successful firms that their business had outgrown their present quarters. One was a retail and the other a wholesale concern. Nothing pleases us more than to hear of the progress of Greensboro and her citizens.

A Tin Wedding.

A certain popular lady stopping at the Benbow celebrated her tin wedding last night, or rather her friends celebrated it for her. Her husband, who is a travelling man, is absent and no invitations could be issued but friends determined the event should be celebrated. So there were many callers and many presents. The unique feature of the function was that the bills for the presents all came with them. A funnel was accompanied by a little little "please remit" of a dollar, while tin cups and other things of like nature called for amounts up to five. Those bills are still at large.

Land Sale

By virtue of a mortgage deed executed by John Bethel and wife Fannie Bethel, on the 23rd day of October, 1896, to J. W. Kerr, (since dead) and in consequence of a failure to pay the debt secured in said mortgage, I will sell to the highest bidder, for cash, at the court house door in Greensboro, N. C., on Saturday, December 4th, 1897, the lands described in said mortgage, butted and bounded as follows: Beginning on northeast corner of street on Main street leading to Greensboro, thence north 60 degrees east along westerly side of said street 10 1/2 poles, thence north 87 degrees west 14 1/2 poles, thence south 30 degrees west 10 1/4 poles to north side of said street, thence 87 degrees east with said street 14 poles to the beginning, containing one acre, more or less. There is reserved from this sale the lot out of this boundary heretofore sold to Frank Fields.

The above mortgage is recorded in book 102, page 77, in the office of the register of deeds, Nov. 4, 1897.

C. M. Vanstory & Co.,

The Home of Fashion.

Men of fashion find our stock replete with nobbiest importations. Clothes are the outward expression of your taste. "Costly thy habit as thy purse can buy, but not expressed in fancy; rich—not gaudy, for the apparel oft proclaims the man." The truth is always the strongest argument. Pleasing our patrons makes life pleasant for us.

A Good Combination:

WEAR The looks of clothing may be a temporary availment, but if good service be not with them, they'll never please you.
FIT A poor fitting garment, no matter how the material, should not be worn by an up-to-date dresser.
STYLE A suit needs this to catch the eye and aid you in appearance.
PRICE Uniting the foregoing elements in clothing to sell at prices to suit the times is just exactly what we are doing.

A Taste of Winter.

Soon you will need something heavier in the furnishing line. Remember that while summer was here we were looking after your wants. All you have to do is to come see how well we have provided for you. With us you will find everything up-to-date. Not yesterday, but today, tomorrow. Liberality and fair dealing, good merchandise and moderate prices, have been the corner-stone of our success.

Does Clothing

Make a Man?

It may not, but there is no use in creating a disturbance by going around without any, when we are selling such exquisite styles and perfect fit in suits, overcoats, trousers, etc., for men and boys, in such a variety of fabrics and fashions at such low prices. Overcoats at \$10, worth \$15; suits at \$7.50, worth \$12.50.

Witchwork.

Those who come to us for Fall Shoes sometimes think it must be witchwork that makes it possible for us to fit them so quickly, perfectly and cheaply. Not a bit of it! It's not witchwork, but hard work, that does it.

While you were fishing and loafing and resting this summer, we were at work to get this stock in shape—which work is what worked the witchwork.

For Example:

We are offering this week:
Ladies' Vici Kid, hand sewed button shoes, London toe, patent tip, B, C, D and E width, at \$3.50, worth \$5.00.
Ladies' cloth top button or lace shoes, patent tip, com. toe, C, D and E widths, sizes 1 to 7, at \$2.50. This shoe would be cheap at \$3.50.
We have a full line of Felt Slippers for men and women.
